# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on DECEMBER 4, 1977
- Export Shipments in  
Current Marketing Year
- Daily Sales Reported  
DECEMBER 5 - 11, 1977  
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of December 15, 1977 (based on reports from exporters for the week ending December 4 unless other noted).

Wheat: Net sales activity (737,900 MT) was moderately heavy with Brazil, Japan, USSR and Mexico making substantial new purchases. Sales to unknown destinations declined sharply as final destinations were assigned, principally the USSR, Indonesia, Morocco and Algeria. New sales reported under the daily system included: USSR 250,000 metric tons (MT), Brazil 189,000 MT for 1977/78 and Bolivia 85,000 MT for 1977/78 and 20,000 MT for 1978/79. USSR purchases for the current marketing year (MY) have now reached a total of 2,685,200 MT. The export pace continued to sag.

Corn: Sales activity was extremely heavy. At 2,441,300 MT, it was the largest since the week ending May 2, 1976. The USSR (604,200 MT) dominated the buying surge. Other large buyers included Taiwan, Japan, Portugal, Greece and the Netherlands. Net increase in sales to unknown destinations represented nearly 30 percent of the total increase in sales. Significant shifts from unknown destinations were reported with Japan and Mexico the main recipients. Daily sales reports included 601,600 MT to the USSR and a net increase in sales to unknown of 98,400 MT both for delivery in the 1977/78 MY. The volume of exports remained large for the third consecutive week.

Soybeans: Soybean sales (403,800 MT) continued heavy with the Netherlands, West Germany, Japan and Portugal the major buyers. Contract adjustments and destination assignments resulted in a net reduction in unknown sales. Exports (257,200 MT) were sharply below the pace of the past six weeks.

Soybean Cake and Meal: Sales activity was modest as the Netherlands, Hungary and unknown destinations headlined new sales. Unknown sales declined as East Germany, Yugoslavia, Spain and Ireland were designated as final destinations. Exports (111,300 MT) went to the EC, other Western Europe and Eastern Europe. The initial export of the MY to Yugoslavia was reported.

Soybean Oil: India was the major customer as 26,600 MT was added to earlier purchases. In addition, optional origin sales of 20,000 MT to India were designated non-U.S. origins. Panama (initial shipment of the MY) and Mainland China accounted for most of the 16,900 MT exported during the week.

Cottonseed Oil: Egypt continued as the major importer, accounting for 10,500 MT of the 14,000 MT exported during the period.

Sorghum: The export market was fairly active. Japan was the major customer as both new purchases, destination switches to Japan and contract adjustments were reported. Portugal added 50,000 MT to earlier purchases. The initial sale (26,000 MT) for the MY was reported to Taiwan. Exports registered a good week.

Rice: Activity slowed as reported sales were limited to a number of small commercial transactions. It was another strong export week (67,400 MT) with the bulk going to Senegal, Indonesia and Italy.

Cotton: Market activity continued slow as small amounts were added by a number of Asian markets. The export pace continued to improve, (109,500 RB) totalling the heaviest yet this MY. Asian destinations accounted for 78 percent of the shipments.

Oats and Barley: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY  
For Week Ending December 4, 1977

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
